Please, I urge you to support SB 113.

As an adoptee and a psychotherapist who works with adult adoptees, I know how imperative it is for *everyone* to have access to information about themselves. It's the birthright of all people, and to be legally denied this right takes a huge toll. It is wrong and the time has come for this wrong to be corrected. It's within your power to do so, and to allow adoptees the same rights as no-adopted people.

Thank you, Jane Peal MFT
